

NEW ANNOUNCEMENT

\$5 million boost to Cessnock area water supply

19 May, 2010 11:47 AM

Construction work is ahead of schedule to install new water mains in Abermain, Weston, Neath, Cessnock and Bellbird Heights as part of Hunter Water's Cessnock Water Distribution Stage 1A Upgrade.

The project, costing \$5 million will address low pressure issues faced by some residents and cater for the area's **growing population** by boosting the capacity of mains distributing water between storage reservoirs.

There will be 6.5 kilometres of new underground pipeline.
